although there has been a university of chester only since 2005 its predecessor chester college dates back further than most uk universities to 1839 this book celebrates the 175th anniversary of the foundation in 2014 the story is a remarkable one of survival and success the early college was a pioneering venture with a unique approach to learning and the university still houses the first buildings in england specifically designed for the training of teachers three times in the 1860s the 1930s and the 1970s chester college came near to closure only repeatedly to emerge intact and to become stronger than before in the early twenty first century the university has a growing reputation within the higher education sector and can claim some of the highest rates of student

satisfaction in the country the book s title is taken from the college motto of the late victorian and edwardian period as appropriate today as when it was coined

institutional or ideological pathways to muslim democracy comparative evidence from indonesia and pakistan examines how religious actors within muslim societies might become allies in democratization offering a novel perspective on the dynamic interaction among religious institutions political authority and democratic ideals through a comparison of indonesia and pakistan this book focuses on the interplay of ideological and institutional forces that influence the development of democratic political theology in the muslim world with a specific emphasis on how religious education and state policies shape these processes through an in depth comparative analysis of indonesia and pakistan it explores the impact of religious education institutions on the political thought of ulama and their engagement with democratic principles it demonstrates that the transformation of religious thought and democratization prospects in muslim societies are closely tied to reforms within both religious and national education systems by addressing critical questions about the evolution of sunni religious thought the role of religious scholars and the influence of state religion dynamics the book sheds light on how islamic learning institutions both construct and reform hegemonic religious ideologies that can support or derail democratization combining theoretical insights from democratization and religious studies with empirical research the book presents a nuanced argument democratization in muslim societies emerges not only from isolated ideological shifts political conditions or institutional changes but also through the continuous complex interaction between them offering insights into how islamic education political structures and religious thought converge to impact the democratization pathways of muslim majority societies that have profound implications for policymakers and scholars this multidisciplinary book will be of great interest to students and scholars of religion and politics islam democratization and comparative politics

archival snapshot of entire looseleaf code of massachusetts regulations held by the social law library of massachusetts as of january 2020

this book examines the state of the open and distance learning odl based secondary education in india odl based education has been a key resource for children in india who can neither cope with nor avail of regular schooling opportunities due to economic health and disability or other constraints the volume uses large scale empirical data collected from various indian states and a

sensitive theoretical framework to study the equity efficiency and effectiveness of the national institute of open schooling nios and the state open school sos highlighting the roadblocks and barriers in terms of its reach inclusion and delivery particularly to the marginalised this book explores whether odl has a potential of being a sustainable and effective option at the secondary and senior secondary level in india thus it seeks to generate policy discourse around delivery mechanisms and effectiveness of odl in developing countries first of its kind this comprehensive volume will be useful for scholars and researchers of education education policy public policy and political studies

this book analyses digital diplomacy as a form of change management in international politics the recent spread of digital initiatives in foreign ministries is often argued to be nothing less than a revolution in the practice of diplomacy in some respects this revolution is long overdue digital technology has changed the ways firms conduct business individuals conduct social relations and states conduct governance internally but states are only just realizing its potential to change the ways all aspects of interstate interactions are conducted in particular the adoption of digital diplomacy i e the use of social media for diplomatic purposes has been implicated in changing practices of how diplomats engage in information management public diplomacy strategy planning international negotiations or even crisis management despite these significant changes and the promise that digital diplomacy offers little is known from an analytical perspective about how digital diplomacy works this volume the first of its kind brings together established scholars and experienced policy makers to bridge this analytical gap the objective of the book is to theorize what digital diplomacy is assess its relationship to traditional forms of diplomacy examine the latent power dynamics inherent in digital diplomacy and assess the conditions under which digital diplomacy informs regulates or constrains foreign policy organized around a common theme of investigating digital diplomacy as a form of change management in the international system it combines diverse theoretical empirical and policy oriented chapters centered on international change this book will be of much interest to students of diplomatic studies public diplomacy foreign policy social media and international relations
