our country doesn't have a partisan problem a political problem a social problem or an economic problem we have a spiritual problem what in the world is happening to many americans it feels as if reality itself has been turned upside down speaking truth or even suggesting such a thing exists is labeled as oppression and cause for social banning judeo christian values once taken for granted are not only routinely ignored but openly attacked why is america being fundamentally transformed before our eyes as christianity has been pushed aside the progressive left has developed a new pagan religion complete with all the trappings creeds confessionals sacraments and mantras liturgies shunnings sacred books redemptive rituals and priests and priestesses but the radical roots of the new secular religion are ancient we've seen it all before in you shall be as gods erick erickson traces the religion's roots from paganism and gnosticism through the age of enlightenment all the way into the postmodernism of the 21st century at the heart of the ancient religion is a self centered culture the christian church today has been weakened by compromising with the neo pagan religion leaving the faithful confused and ill prepared to counter the claims of society's present day doctrine yet there remains a significant

remnant perhaps even a silent majority in america that refuses to bow to the rising belief system just as in rome and countless societies throughout history the religions present two opposing stories of reality which necessitates conflict in an era where the christian thing to do seems to be to go along and get along erickson makes clear that the two cultures cannot peacefully coexist and calls the reader to speak the truth in love
