are you ready to begin the process of making yourself a new etheric body and individuality in the last century rudolf steiner issued a challenge for practitioners of western spiritual science would it be possible to develop a new form of cognitive or michaelic yoga in contrast to the eastern yogis of old who practiced the spiritualization of inhalation and exhalation such contemporary yogic practice would involve a spiritualization of thinking as well as a transformation of perceptions and sensations in cognitive yoga dr ben aharon responds to that call developing the entire modern yogic process and describing it in remarkable detail through the methods presented committed practitioners of anthroposophy can create a living framework for spiritual research through a fully spiritualized thinking accompanied by a complete renewal of the experiences of perception and sensation as well as of the human body itself included in the contents of this extraordinary book is a comprehensive guide to the spiritualization of the senses and how this leads to a transmutation of the deepest and
