letters for lucardo is the first erotic graphic novel in noora heikkilä's four part series about the dangerous love between human and superhuman. ed fiedler is a common man, 61 years old and employed as a scribe in a royal palace. his most regular client is lucardo von gishaupt, a forever young aristocrat and member of the mysterious and revered night court. when the eternally 33 year old lucardo and the aging ed develop feelings for one another, both are forced to contend with the culture shock of a mortal man's presence among the deathless, the perilous disapproval of the sitting lord of the night court, and ed's own ever present mortality threatening to bring an end to their romance in the blink of an everlasting eye.

queering the vampire narrative offers classroom ready original essays that continue our explorations of vampires as representations of the cultural other, which builds on the work of our previous texts. the editors argue ultimately the vampire is a queer icon, infinitely blurring the boundaries of identity and cultural norms, and queering even the most seemingly stable notions such as life, death, humanity, and monstrosity. the vampire is the undead monarch of subtextual articulations of otherness, especially queer behaviors and desires, offering explorations of the AIDS epidemic, the destabilization of ideas of fixed and stable sexuality, the search for community and chosen family, and the issues of individual and generational trauma. in current fictions, vampires are coming out of the coffin and the closet, identifying as openly queer, and often created by queer writers, artists, and directors, and bringing the subtext to the surface of the narrative. this volume seeks to create a dialogue about the impact and importance of the vampire on queer identity and queer theory, and to answer the questions of why the vampire is such a compelling queer icon, and what visions of vampires articulate about our ideas surrounding issues of sexuality, sexual orientation, sexual behaviors, and desires.

ed has imposed self exile to protect his immortal lover lucardo from ed's aging, human transience, and lucardo is livid, suspecting his father's hand in this latest development. he mounts a search to find his missing lover, which bears fruit, but ultimately brings them both face to face with their deepest fears.

terminally ill court scribe ed fiedler has finally collapsed from shifter's lung, but his lover, the aristocratic vampire lucardo, has turned him over to the god of all vampires in a last ditch effort to escape death. an erotic graphic novel that redefines a genre, this highly anticipated third installment of the letters for lucardo series takes a dark and foreboding turn in a captivating saga of immortal love.

the book will contain a detailed description on the historical aspects of cheese.

manufacture a culmination of historical information on the most traditional and worldwide popular italian cheese varieties an overview on cheese production is also included covering the main general aspects an overall classification of italian cheeses will follow aiming to categorize all the cheese varieties that have a tradition and or an economic importance based on a large literature review the core of the book will include descriptions cheese making traits which are unique to italian cheese biotechnology in particular the milk chemical composition the use whey or milk natural starters some technology options e g curd cooking the microbiota composition and metabolism during curd ripening especially for cheese made with raw milk and the main relevant biochemical events which occur during the very long time ripening will be described the last part of the book will consider a detailed description of the biotechnology for the manufacture of the most traditional and popular cheeses worldwide
