research into the mesolithic has recently undergone important transformations making it one of the most dynamic fields of archaeological research today these changes are the result of a combination of factors new and exciting discoveries the impact of innovative scientific methods and the introduction of fresh interpretative approaches situated within a long period defined by significant environmental demographic and social change the european mesolithic period provides key insights to answer the big questions in archaeology including the deep history of migration diversity and adaptation it also provides resources for elucidating answers to complex questions about human relationships diet economy and identity new theoretical approaches to the mesolithic in europe have

expanded research into new areas such as lived experience ritual cosmology art identity the body and human animal relationships these new research questions have added important nuance and provided a more complete understanding of the period with contributions from leading scholars in the field and from across the continent the oxford handbook of mesolithic europe provides the first comprehensive overview of the rich archaeology of mesolithic europe chapters on different european regions as well as neighboring areas in north africa and the middle east provide a synoptic view with thematic chapters examining the lived experience of different kinds of landscapes and adaptations different forms of technology and aspects of mesolithic life death ritual cosmology and art the volume highlights both the significance of interdisciplinary research for the field and the importance of combining perspectives and approaches when studying the deep past

it is difficult to capture one s life in a few words a few photographs or even a book the papers in the present volume will hopefully reflect a part of clive bonsall s scientific interests during a career that has started some 45 years ago their diversity is impressive from radiocarbon dating environmental changes human environment interactions funerary behaviour to paleogenetics and stable isotopes reconstruction of ancient diets and obsidian sourcing most of them in close connection to the hunter gatherer and first farmer communities of europe his studies stretched over a large geographical area focusing recently mainly around the balkans and the neighbouring regions he has conducted fieldwork in britain scotland romania and slovenia edited 9 books and published over 160 papers book chapters notes as well as book and paper reviews his main publications include the mesolithic in europe 1989 the human use of caves 1997 the iron gates in prehistory 2008 submerged prehistory 2011 and not just for show the archaeology of beads beadwork and personal ornaments 2017 his substantial work in southeastern europe is reflected by his long standing collaboration and friendship with many romanian and bulgarian archaeologists and has received due recognition clive bonsall is an honorary member of both the vasile pârvan institute of archaeology in bucharest and the national institute of archaeology with museum in sofia his contribution to the archaeology of the iron gates has earned him the recognition of the serbian archaeologists working in the area his many other research interests and personal collaborations are also reflected in the present volume we are grateful to all our contributors colleagues and friends new and old former students and collaborators whose archaeological interests met clive s if only briefly we were happy to see that so many of us were able to mobilize in such a short time we would like to thank all those who answered our call and at a time when every minute of our professional lives is carefully planned in advance helped us put together this volume in less than a year they have endured and complied with our constant deadline reminders and requests checked and re checked their manuscripts in record times gracefully complying with the comments and suggestions from the reviewers and were most patient with our editorial work each paper was submitted to a double reviewing we would like to also thank our colleagues from various disciplines who accepted to anonymously review the contributions their hard and serious work significantly improved the overall content of the volume the outcome has exceeded our most optimistic expectation a volume that geographically covers almost the entire european continent from britain to russia and greece and touches on most important issues of hunter gather adaptations through time a volume brought together by chronological landmarks the end of the pleistocene and the beginning of the holocene and geographical areas but also by common approaches to issues such as human animal interactions exploitation and use of raw materials and subsistence strategies we chose to organize the papers on three main sections while within the respective theme they follow in chronological succession the archaeology of the iron gates opens the volume given clive bonsall s substantial contribution to the local early prehistory the eight contributions cover a large range of subjects from physical anthropology andrei soficaru re interpretation of earlier excavations and the subsequent collections adina boroneanț stone artefacts dragana antonović vidan dimić andrej

starović and dušan borić to the study of faunal remains and subsequent paleo dietary issues adrian bălăşescu adina boroneanţ and valentin radu dragana filipović jelena jovanović and dragana rančić ivana Živaljević vesna dimitrijević and sofija stefanović and osseous industries monica mărgărit and adina boroneanţ selena vitezović these studies illustrate the still immense research potential of the iron gates region despite the fact that most of the sites have been flooded many decades ago during the editing of the volume it became obvious that while some of the contributions focused on the evidence from a certain site others were more of a regional synthesis this latter section begins with a most interesting paper bringing together world history and underwater archaeology jonathan benjamin and geoff bailey the following nine articles deal with subjects such as social inequalities seen through the study of burial practices judith m grünberg lifeways adaptations and subsistence strategies of the early prehistoric communities agathe reingruber mihael budja annie brown and haskel greenfield kenneth ritche raw materials acquisition and exploitation tomasz płonka maria gurova eva david exploitation management and trade of exotic goods vassil nikolov the nine papers focusing on individual sites present case studies that illustrate the nature of the current research the rich opportunities offered by the growing range of scientific techniques and their applications to existing collections this series of papers starts at zemunica cave on the coast of the eastern adriatic siniša radović and ankica oros sršen explores the mesolithic occupations at malga rondenetto paolo biagi elisabetta starnini and renato nisbet and grotta dell edera barbara voytek in italy the mesolithic ornamented weapons of motala in sweden lars larsson and fredrik molin ending this mesolithic journey among the shell middens on the western coast of scotland catriona pickard the transition to the neolithic happens among the beaver tools at zamojste 2 in russia olga lozovskaya charlotte leduc and louis chaix the neolithic age finds us further south into bulgaria exploring the pitfields of sarnevo krum bacvarov and john gorczyk and the gold of varna tanya dzhanfezova while during the bronze age roe deer hunting is resurrected at paks gyapa in hungary lászló bartosiewicz and erika gál the volume presents altogether new results in recent research and new information resulted from the study of old collections we also hope it points out directions for future research it is with great joy that we present clive bonsall this volume as a token of both our appreciation and friendship for his contributions to the early prehistory of europe in general and of southeastern europe in special the editors

this book explores the debates surrounding two dynamic fields postcolonial studies and world literature contrary to many dominant narratives in critical theory it asserts that as an analytical framework the idea of world literature is dead the nineteenth century ideal of world literature had always and already been embedded in colonial histories and also because whatever promise that ideal held out has been exhausted by postcolonial anglophone literature through fresh and incisive readings of the postcolonial canon and some of its most prominent authors like rudyard kipling v s naipaul j m coetzee and salman rushdie the volume discusses how these anglophone writings have used the banal and ordinary ideal of world literature to fashion out their own trajectories ambitious in scope this book challenges many of the existing theoretical and literary frameworks and offers a radical reimagination of the fields the volume written in an accessible and lively prose will be indispensable for scholars and researchers of literature critical theory postcolonial studies cultural studies and comparative literature

this book commemorates the 50th anniversary of the international court of justice s advisory opinion on the western sahara bringing together leading international legal scholars to explore and critically assess the enduring relevance and implications of the opinion it offers a comprehensive and authoritative analysis of the main legal issues surrounding the status of the western sahara including self determination territorial sovereignty decolonization and the role of international

institutions by providing historical context legal interpretation and contemporary perspectives the volume serves as a definitive reference for scholars practitioners and policymakers interested in international law conflict resolution and the ongoing legal dimensions of the western sahara question

written by leading experts in their fields behavioral health services with high risk infants families is a practical guide for clinicians working with infants born with medical complications and their families spanning from pregnancy through early childhood this comprehensive text covers the behavioral health needs of infants and families in multiple care settings including fetal care centers neonatal intensive care units nicus and neonatal follow up care settings each section of the book includes an overview of common medical conditions prevalence and symptoms of behavioral health challenges as well as specific considerations for assessment and intervention

can traditional approaches to criminal jurisdiction adapt to the new global reality of the digital era in this innovative book leading experts in criminal international and internet law unite to address this fundamental question they consider how jurisdictional regimes are orientated around concepts of territoriality and extraterritoriality how these categories are increasingly blurred in the digital era and how a range of jurisdictional transformations are occurring in the process part i presents novel doctrinal empirical and theoretical perspectives on criminal jurisdiction exploring how states are shaping and reimagining jurisdictional concepts in the crafting and interpretation of criminal offences and the ramifications of increasing jurisdictional concurrency in state practice part ii focuses on the investigative and enforcement powers of the state to assess how these issues are transforming traditional understandings of jurisdictional rules and boundaries the challenges and opportunities that these present for law enforcement authorities and the sorts of constraints and safeguards that may be necessary as a result the picture that emerges is a world of jurisdictional rules in a state of flux which demands the diversity of legal perspectives presented in this book for documenting rationalising and moving beyond the transformations that are taking shape in modern statecraft

philippa strum our foremost authority on louis brandeis gathers together for the first time a sterling selection from his most provocative and profound writings a kind of portable brandeis this book provides a concise and readable guide to the thought of a truly great american brandeis the ralph nader of the early twentieth century was known as the people s attorney for his continuous crusades on behalf of the public he spoke before citizens groups and legislative bodies wrote articles for popular magazines put his ideas about industrial democracy in the briefs he submitted as a lawyer and later in the opinions he wrote as a supreme court justice 1916 1938 and advised presidents woodrow wilson and franklin roosevelt the problems brandeis faced and the answers he fashioned could have leaped from today s newspapers corruption in government conflicts between majority rule and minority rights movements to limit free speech and the right to privacy gender equality the importance of education the causes of and possible solutions for poverty the social costs of excessive political or corporate power the uneasy relationship between lawyers and the public efficiency and justice in the workplace the tension between federal power and states autonomy and the responsibility of citizens to their community in all his endeavors brandeis emphasized both political and economic democracy citizen participation and a balance between rights and responsibilities as leader of the american zionist movement from 1914 through the 1930s he dreamed of a democratic jewish homeland in palestine founded on jeffersonian principles and there were similar echoes of the founding fathers in his campaign against the corporate trusts in the united states these selections from brandeis s speeches letters to family and colleagues newspaper interviews articles and judicial opinions offer us the essence of brandeis s

genius and allow us to appreciate the range and relevance of his ideas for america today
