With more than 200 colour plates and for the first time available as a study in English, this volume explores the vast heritage of Korean ink brush painting, providing a rich panorama of information that stretches across the entire spectrum of Korean art, including painting, pottery, calligraphy, and literature, which will have wide appeal, not least to art lovers and students of Korean studies. Part I presents the material in essay form; Part II, which uses a dictionary format, summarizes the information in Part I and highlights the hidden messages and symbolism inherent in literati ink brush painting in Korea. When China and Japan opened up to outside influence in the nineteenth century, Korea maintained a closed-door policy, becoming known as the Hermit Kingdom, only to be swallowed up in the struggle for hegemony between the great powers. Annexation by Japan in 1910 threatened Korea's language and culture with extinction. Liberation in 1945 was followed by the tragedy of the Korean War. In 1950, in the period of reconstruction after the Korean War, artists and scholars faced the task of retrieving Korea's endangered cultural tradition. Ink brush painting is a unique part of this tradition; its history stretches back through the Chosŏn dynasty, when Chinese influences were assimilated and absorbed and made into Korea's distinctive tradition.

In this comprehensive treatment of the poetry of Shilla and Koryŏ, O'Rourke divides one hundred and fifty poems into five sections: Early Songs, Shilla Hanshi, Shilla Hyangga, Koryŏ Kayo, and Koryŏ Hanshi. Only a few pre-Shilla poems are extant. O'Rourke features all five. All fourteen extant Shilla Hyangga are included. Seventeen major Koryŏ Kayo are featured. Only a few short incantatory pieces that defied translation were excluded. Fourteen of the fewer than twenty Koryŏ Shijo with claims to authenticity are presented from the vast number of extant Hanshi.
