this world war ii era study paints an illuminating contrast between the culture of japan and that of the united states

the sword was the most important of weapons but relatively little has been written about its metallurgy the results of the microscopic examination of over a hundred swords are used to tell the story of the making of swords from the first examples through the middle ages to the 16th century

during the years preceding the composition of tristan and isolde wagner s aesthetics underwent a momentous turnaround principally as a result of his discovery of schopenhauer many of schopenhauer s ideas especially those regarding music s metaphysical significance resonated with patterns of thought that had long been central to wagner s aesthetics and wagner described the entry of schopenhauer into his life as a gift from heaven chafe argues that wagner s tristan and isolde is a musical and dramatic exposition of metaphysical ideas inspired by schopenhauer the first part of the book covers the philosophical and literary underpinnings of the story exploring schopenhauer s metaphysics and gottfried van strassburg s tristan poem chafe then turns to the events in the opera providing tonal and harmonic analyses that reinforce his interpretation of the drama chafe acts as an expert guide interpreting and illustrating most important moments for his reader ultimately chafe creates a critical account of tristan in which the drama is shown to develop through the music

the study of pre modern anthropology requires the close examination of the

relationship between nature and human society which has been both precarious and threatening as well as productive soothing inviting and pleasurable much depends on the specific circumstances as the works by philosophers theologians poets artists and medical practitioners have regularly demonstrated it would not be good enough as previous scholarship has commonly done to examine simply what the various writers or artists had to say about nature while modern scientists consider just the hard core data of the objective world cultural historians and literary scholars endeavor to comprehend the deeper meaning of the concept of nature presented by countless writers and artists only when we have a good grasp of the interactions between people and their natural environment are we in a position to identify and interpret mental structures social and economic relationships medical and scientific concepts of human health and the messages about all existence as depicted in major art works in light of the current conditions threatening to bring upon us a global crisis it matters centrally to take into consideration pre modern discourses on nature and its enormous powers to understand the topoi and tropes determining the concepts through which we perceive nature nature thus proves to be a force far beyond all human comprehensibility being both material and spiritual depending on our critical approaches
